THE STATE OF NEW HAMPSHIRE

TOWN WARRANT.

THE STATE OF NEW HAMPSHIRE.

[L. S.]

To the Inhabitants of the Town of Barnstead in the County of Belknap in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Barnstead on Tuesday, the Ninth day of March next, at Nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.

3. To hear the report of auditors, agents, committees, and all other officers heretofore chosen and pass any vote relating thereto.

4. To see how much money the town will vote to raise and appropriate for Memorial Day.

5. To see how much money the town will vote to raise and appropriate for public library.

6. To see if the town will vote to accept state aid, trunk line maintenance and raise and appropriate money for same.

7. To see if the town will vote to raise $1161.00 for State Aid construction and appropriate money for the same.

8. To see if the Town will vote to raise $2500.00 for Trunk line construction and appropriate money for the same.

9. To see how much money the town will vote to raise and appropriate to cut bushes beside the highway.

10. To see how much money the town will vote to raise and appropriate for the Barnstead Fire Companies.

11. To see if the town will vote to raise $300.00 to maintain the unimproved sections of Trunk line road and appriate money for the same.

12. To see if the town will vote to raise and appropriate money to repaint the town hall and outbuildings.

13. To see if the town will return to the district surveyor instead of having two road agents by petition.

14. To see if the town will vote to legalize the act of the Selectmen in financing the accounts of the Soldiers reception committee.

15. To see how much money the town will vote to raise and appropriate for all other purposes.

Given under our hands and seal, this fourteenth day of February, in the year of our Lord nineteen hundred and twenty.

FRANK J. HOLMES,
ALFRED S. WHITEHOUSE
OSCAR J. GARLAND,
Selectmen of Barnstead.

A true co.y of Warrant—Attest:

FRANK J. HOLMES
ALFRED S. WHITEHOUSE.
OSCAR J. GARLAND,
Selectmen of Barnstead.

G. H. HAWLEY, *Treasurer.*

LIBRARY REPORT.

We feel that the library which contains so many good books and such an amount of reading matter is appreciated and enjoyed more and more each year.

155 new books have been purchased from the money appropriated at the last annual town meeting. Much care and thought have been exercised in selecting books to provide suitable reading for all classes from the school children to adults who are eagerly seeking for knowledge to be derived from books. In addition to this number 10 books have been contributed by friends of the library. Mrs. Oscar Pittman gave one, Mrs. Elliott W. Whitney one, Everett Clark eight volumes of Abraham Lincoln's writings. These were all gratefully received. It is hoped that people will continue to use the library and its treasures feeling assured that a good book will gladden the heart, relieve the dullness of a long winter's night and serve to brighten the home life of any family. The library will be open Tuesday and Saturday afternoons from

2 until 5 o'clock and Saturday evenings from 7 until 9 except holidays.

Respectfully submitted,
MRS. JOHN GEORGE, *Librarian*
GEORGE H. HAWLEY, M. D.
HANSON H. YOUNG.
ISAAC E. HARRIMAN,
Library Trustees.

We, the undersigned certify that we have examined the accounts of the selectmen, town clerk, collector, library trustees, road agents, joint fund accounts, fire wardens, trustees of the trust fund for the year ending January 31st, 1920, and find them correctly cast and properly vouched.

F. I. HUNT,
FRANK C. NUTTER
Auditors.

I herein submit my third report as superintendent of schools, it being the third in the series of such reports.

Repairs.

At the Parade extensive repairs, some alterations and reconstruction work has been done viz. the outhouses transfered to opposite side of shed and placed on fly tight cement vaults, a cement floor and steps laid in the shed, seating arrangement reversed in school room, additional windows installed on left of pupils to give required light. To fully meet the requirements of a model school room, there is need of ventilating flues, adjustable seats and a jacketed stove.

Under orders of the State Board of Education, a survey of all school buildings in the district has been made,giving data wherein the school houses meet and do not meet the state requirements. Since the standard school, according to the new state law,must be"in a suitable andsanitary building' "equipped with approved furnlture, books, maps and other necessary appliances,'' it is highly essential that the district adopt a construction policy and plan to put all usable school houses in suitable condition. In this matter, Barnstead faces a particularly difficult proposition. One that calls for unselfishness forbearance with one another, disretion and a virile determination to sacrifice all personal ambitions and conveniences to the highest welfare of the community and state. Some consolidation of your schools must be made or you will bankrupt your town in meeting the requirements of the state.

Teacher Shortage.

It seems almost needless for me to take time and space to impress on you the fact that the greatest and farthest reaching crisis to American democracy is the teacher problem, when every paper and magazine is teeming with data confirming this statement.

The Bulletin of the National Education Association for

November states: "Over 100,000 positions in the public schools today are vacant or filled by teachers who cannot pass the minimum tests for teachers' certificates. Strong teachers are leaving the profession because of inadequate pay. Positions are being filled by immature and untrained teachers."

On December 6, Governor Runyon, of New Jersey,stated among other things in a proclamation to his people: "If our children are to be taught by incompetent teachers or are not taught at all, the end of American democracy, as we know it, is in sight."

State superintendent of Maine, Mr. Thomas, stated on Dec. 28: "That eighty schools of Maine were closed because of teacher shortage, and that the number will soon be greatly augmented. If present emergencies are not met at the coming town meetings, there will be 500 schools closed next autumn.

Out of 650,000 teachers in the United States, 143,000 left the profession last year."

Gen. Frank S. Streeter stated on Dec. 31, in regard to the problem in New Hampshire:

Fifty of our schools are closed because of a lack of teachers, and probably eighty or more will be closed within a few weeks.

From statistical experience, we may expect there will be withdrawals of between400 and 450 teachers at the end of the present year. Our two normal schools will graduate less than 100."

To this situation there is but one answer and that is our teachers are underpaid in everytown and state of our nation.

According to latest statistics living expenses have advanced 86%, wages in the ordinary pursuits of life 112%, while our increase in teacher wages is much less. Under these circumstances, do you wonder that we as a nation face the greatest crisis of our national history? that Bolshevism is gaining a foot hold on American soil?

It is no time to preach financial retrenchment in educational matters. To do so would express a flavor of unpatriotic devotion and a low sense of loyal duty to public welfare. Do

you realize that of the boys who stopped and turned back the hordes of autocratic vandals at Chateau Thierry 60% were college graduates, the highest products of the free school system of America? that the chief assets that won the war were brains?that the same aspiratons for autocratic power or no government at all are in the world today? that there is a lull in the struggle? that there is a training in the generation in our schools today that may be called to finish the fight?

Indeed, we should rejoice in the privilege of paying an increase in taxation when we realize that had the outcome of the struggle been otherwise our property, and homes would have been confiscated, our sons and daughters torn from our embrace, and perhaps we ourselves led out to face a firing squad.

The teachers of Barnstead have been faithful in their work and loyal to the district and I trust the citizens of Barnstead will feel it their patriotic duty to make as large and liberal appropriations for the year beginning Sept. 1st as is comparably to and compatible with the vital interests of free government.

In conclusion, I wish to express my appreciation to the
A 3 Add Barnstead Report
teachers for their willingness to work faithfully and for their hearty co-operation in all matters pertaining to the welfare of the schools, to the members of the school board for their unfailing assistance, support and encouragement. These conditions and the congenial attitude of parents, citizens and pupils have indeed helped to make the past year a successful and pleasant one.

Respectfully submitted,

FREDERICK T. JOHNSON.

Superintendent of Schools.

VITAL STATISTICS

To the Selectmen of Barnstead:

In compliance with an Act of the Legislature passed June session 1877, requiring "Clerks of Towns and Cities to furnish a transcript of births, marriages and deaths to the municipal officers for publication in the annual reports," I submit the following:

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

[L. S.]

To the Inhabitants of the Town of Barnstead in the County of Belknap in said State, qualified to Vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Barnstead on Tuesday, the eighth day of March next at Nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.

3. To hear the report of auditors, agents, committees, and all other officers heretofore chosen and pass any vote relating thereto.

4. To bring in your ballots upon each of the questions submitted by the convention to revise the constitution relative to the amendment proposed by said convention at a session held on January 28, 1921.

5. To see how much money the town will vote to raise and appropriate for Memorial Day.

6. To see how much money the town will vote to raise and appropriate for Public Library.

7. To see if the town will vote to raise $1,069.50 for state aid construction and appropriate money for the same.

8. To see if the town will vote to raise $600.00 to complete the federal aid job over the amount originally estimated and appropriate money for the same.

9. To see if the town will vote to accept state aid and trunk line maintenance and raise and appropriate money for the same.

10. To see if the town will vote to raise the sum

of $350.00 to maintain the unimproved section of trunk line road and appropriate money for the same.

11. To see how much money the town will vote to raise and appropriate for highways and bridges.

12. To see how much money the town will vote to raise and appropriate to cut bushes beside the highway.

13. To see how much money the town will vote to raise and appropriate for the Barnstead fire companies.

14. To see how much money the town will vote to raise and appropriate to repaint town hall and other buildings.

15. To see how much money the town will vote to raise and appropriate in addition to money all ready available to purchase a curtain for the town hall.

16. To see if the town will vote to request the treasurers of the several fire companies to furnish an itemized account of expenditure of money appropriated.

17. To see if the town will vote to raise and appropriate money for the observance of old home week.

18. To see how much money the town will vote to raise and appropriate for all other purposes.

Given under our hands and seal, this 17th day of February, in the year of our Lord nineteen hundred and twenty-one.

JOHN B. CLARK, Treasurer.

REPORT OF LIBRARY

We respectfully submit the following report of the Barnstead Free Public Library for the year 1920:

The financial statistics suggested by the library commissioners in the form they wish carried out will be found in the treasurer's report. Books have been constantly advancing in price so that the number of volumes bought has not been so large as in former years. We have, however, been able to add 84 by purchase. In selecting these it has been our aim to provide a variety to suit the needs of all classes. We endeavor each year to procure choice reading for the young people as our school children are frequent visitors at the library. It would be hard to estimate the amount of good derived from reading books but many will appreciate the benefits they personally have received.

We wish at this time to gratefully acknowledge a box of books sent to the library by Mrs. Emery of Boston.

The library will be open Tuesday and Saturday afternoons from 2 until 5 oclock and Saturday evenings from 7 until 9, except holidays.

MRS. JOHN GEORGE, Librarian.
HANSON H. YOUNG,
FRED T. HUNT,
HOLLIS DANIELS,
Library Trustees.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens and School Board of Barnstead:

I herein submit my fourth report as Superintendent of Schools, it being the fourth in the series of such reports.

Following the plan and constructive policy begun in 1919-1920 of placing one usable school house a year in condition to meet the state minimum requirements in sanitation and lighting, your School Board have installed cement vaults at the Centre School house, a cement underpining and floor to the shed and placed sufficient windows on the left of pupils to meet requirements in lighting, after partitioning off a part of the room.

The school building and yard at the south should receive next attention. Here conditions are such that either a new site should be considered or the present yard properly graded and drained. The building itself is in bad condition. There is immediate need of additional light, repairs to ceiling and walls, and a thorough painting interior and exterior. The present vaults are a menace to the health of the children and should be replaced by cement or kaustine vaults.

Locke's Corner house does not meet requirements in lighting, the walls and ceiling need whitening and the toilets are similar to those at the South.

Some definite action should be taken to unite the Berry and White Oak schools and one of these buildings put in proper condition.

It is not economical from an educational or financial standpoint to run both of these schools as they exist today.

As the school house and grounds at Shackford's Corner were condemned by the State Board of Health I would recommend that action be taken to

instruct the School Board to dispose of this property.

Medical Inspection

Dr. Tuttle reported the following conditions:

Number pupils examined	98
Number teachers examined	9
Number cases remedied since last examination	25
Number cases needing attention:	
Defective teeth	46
Hypertrophied tonsils	26
Adniods	27
Defective eyes	26
Malnutrition	2

School Work

On school work we have aimed to follow the state course as near as conditions in rural schools with all grades, one teacher and limited supply of equipment in books, etc., will permit. As far as possible we have eliminated educational fallacies and put emplasis on the old fashioned word "work," and directing our efforts to the fundamentals "reading, writing and arithmetic," and the use of good English in oral and written work, in composition and conversation.

For the most part the teachers have been devoted to their work and conscientious in its execution.

In September five pupils were admitted in the Pittsfield High School, two from the South, two from the Centre and one from the Parade. Another from Locke's Corner passed the entrance examination but did not care to continue his work.

I wish to express my appreciation to the citizens of Barnstead for their generous financial support of the schools. I realize the sacrifice you are making to give the youth of your community a fair chance in life. I trust that you will remain steadfast in the

conviction that there shall be no educational re-retrenchment. The problem of teacher shortage remains about the same as a year ago. Let us remember that in final analysis the prosperity of a community, state or nation is in direct ratio to the appropriations for education.

In conclusion, I wish to express my appreciation to the School Board for their assistance, to the teachers for their co-operation, to parents and citizens, for their support and courtesy.

Respectfully submitted,
FREDERICK T. JOHNSON,
Superintendent of Schools.

VITAL STATISTICS

To the Selectmen of Barnstead:

In compliance with an Act of the Legislature passed June session, 1877, requiring "Clerks of Towns and Cities to furnish a transact of births, marriages and deaths to the municipal officers for publication in the annual reports," I submit the following:

BIRTHS Registered in the Town of Barnstead, N. H., for the Year Ending December 31, 1920.

THE STATE OF NEW HAMPSHIRE

[L. S.]

To the Inhabitants of the Town of Barnstead in the County of Belknap in said State, qualified to Vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Barnstead, on Tuesday, the 14th day of March next, at Nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To choose one Selectman, one Trustee of the Trust fund, one Library Trustee for the ensuing three years.

3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation for the same.

4. To hear the port of auditors, agents, committees and all other officers heretofore chosen and pass any vote relating thereto.

5. To see how much money the town will vote to raise and appropriate for Memorial Day.

6. To see how much money the town will vote to raise and appropriate for Public Library.

7. To see if the town will vote to accept State aid and trunk line maintenance and to raise and appropriate money for the same.

8. To see if the town will vote to accept State aid construction and to raise and appropriate money for the same.

9. To see if the town will vote to raise the sum of $400.00 to maintain the unimproved trunkline road and appropriate money for the same.

10. To see how much money the town will vote to raise and appropriate for highways and bridges.

11. To see how much money the town will vote to raise and appropriate to cut bushes beside the highway.

12. To see how much money the town will vote

to raise and appropriate for the Barnstead fire companies.

13. To see if the town will vote to allow 3 per cent. discount on all property taxes paid on or before the first Saturday of July.

14. To see if the town will vote to return to the district surveyor instead of highway road agents (by request).

15. To see if the town will observe Old Home day and raise and appropriate money for the same (by request).

16. To see how much money the town will vote to raise and appropriate for all other purposes.

Given under our hands and seal this 17th day of February, in the year of our Lord nineteen hundred and twenty-two.

Treasurer.

REPORT OF LIBRARY

We respectfully submit the following report of the Barnstead Free Public Library for the year 1921.

The building was painted outside and a part of the interior last August; a report of the expense appears in another place. The work was done in a creditable manner by Albert S. Jenkins and Charles Young.

A waste basket, a greatly needed and much appreciated article has been provided. There have been added to the library 90 books through purchase and 8 by gift during the last year. Two ladies from Boston who enjoyed the privileges of the library while boarding at the Barnstead Inn each gave a book. Mrs. George Locke donated several, Miss Helen Wentworth brought in a year's numbers of the National Geographic Magazine for the reading table. We are grateful to friends who have thus remembered us.

In selecting books we have tried to provide what seemed to be worth while and we are hopeful that in the end we shall have brought about the reading

of more of the real thought-producing books and perhaps proved that they can be interesting as well as some of the usual run of books for boys and girls of high school age.

How can money be better invested to raise the standard of intelligence of our people than by liberal appropriations for the up-keep of the fine library building and the purchase of good books to be placed on its shelves.

The library will be open Tuesday and Saturday afternoons from 2 until 5 o'clock and Saturday evenings from 7 until 9, except holidays.

MRS. JOHN GEORGE, Librarian.
F. T. HUNT,
ABBIE D. DANIELS,
BELLE A. HUNT,
Library Trustees.

GEORGE J. WHITNEY,
District Treasurer.

I certify that I have this day examined the accounts of the treasurer and school board and find them correctly and properly vouched.

F. T. HUNT,
Auditor.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Barnstead:

I herein submit my fifth report as Superintendent

of Schools, it being the fifth in the series of such reports.

Parade

Miss Bessie Smith closed a successful year in this school last June, but being desirous for a change was transferred to the Center school at the beginning of the fall term.

Miss Mabel Perry was chosen as her successor, and is bringing the school to a high degree of efficiency.

Additional emphasis is being placed on the fundamentals—reading, writing and number work.

The school is well organized and we anticipate highly creditable results at the end of the year.

Center

This school suddenly increased in number of pupils from its normal number of about twenty-five to forty-seven. Such a number, embracing Grades I to VIII, is altogether too large for the management and instruction of one teacher. It not only disseminates the vital energies and threatend the health of a competent teacher, but also taxes the seating capacity of the room beyond ideal and sanitary conditions.

These conditions were relieved during the last six weeks of the spring term and the first of the fall term by the employment of Mrs. Crossett as assistant.

Mrs. Crossett took the first three grades in the small room partitioned off from the main room and did excellent work. But as the cold weather of late fall and early winter set in, we were compelled to abandon this plan and transfer the smaller children back to the main room under one teacher.

Miss Smith has handled the situation wisely, has given the best of her efforts, has sacrificed energy, strength and health in the interests of her pupils. With the hearty co-operation of parents and the good will and studious efforts of her pupils, we can

guarantee creditable results at the end of the year. However, if the large number of pupils seem a permanent fixture in this school, some action should be immediately taken to provide for the separation of this school into two divisions or separate schools and thus relieve its congested condition.

South

This school has continued under Miss Eva D. Smith throughout the year. Miss Smith has maintained her former reputation for clear and exhaustive instruction, for aimful qualities of character, for responsive attitude to the interests of the district and motherly interest in her pupils. Teacher and pupils reflect their appreciation for the substantial improvements to the schoolhouse and yard.

Berry

At the beginning of September, the North was united with the Berry, making a school of ten pupils.

I noted at once an improvement in efforts and interest of pupils, due largely to increased numbers, competition and increased enthusiasm of teacher. Indeed, it is difficult to think of a school with less than ten pupils as an economic institution of the town. But with ten to twenty pupils you have a model number for the one-room school. Mrs. Prescott has demonstrated in her teaching many improvements derived from her summer course at the Normal.

White Oak

Miss Helen J. Berry has continued in this school throughout the year. This school is fortunate in having a teacher who in experience, training and qualifications should be teaching a larger school. Miss Berry maintains good discipline, employs modern methods of instruction and enjoys the confidence and

co-operation of her pupils. The greatest handicap to the school is the small number of pupils.

Beauty Hill

During the year the school has been under the instruction of Miss Julia Smith and Miss Eileen Keller. Both teachers were inexperienced, but entered on their work with enthusiasm, adapted themselves to their environment and obtained good results.

Dennetts

In compliance to the requests of parents in this district, school was opened the last of September with Mrs. Eva Griffin as teacher.

Locke's Corner

On account of new scholars moving into this district, school was opened January 3, with Coran Davis as teacher. Mr. Davis, experienced and well trained, augurs success in this school.

Pitman

This school has been under the instruction of Miss Helen M. Berry throughout the year. Scholars and teacher are always eager to receive new suggestions, to try out new methods and to receive new material for work.

Medical Inspection

The following data is taken from the report of Dr. Tuttle, medical inspector for the year ending June 30, 1921.

Number of pupils examined	98
Number of teachers examined	9
Number of cases of malnutrition	2
Number of cases of defective vision	24
Number of cases of defective teeth	44
Number of cases of hypertrophied tonsils	27
Number of cases of adenoids	25
Number of pupils unvaccinated	8

All the cases enumerated were reported to the parents with the advice to consult their family physician.

Some cases have been corrected, but more efficient work might be accomplished through the work of a district nurse following up and supplementing the work of the physician.

Alterations

Extensive alterations have been made at the South, viz: Additional lighting to meet State requirements; a part of a room partitioned off, thus furnishing an adequate and warm coat room; the installation of two caustive closets; sheathing the ceiling; grading and draining the school yard.

The caustive closets are proving highly satisfactory.

Locke's Corner house has been painted on exterior and on intreior, the ceiling and walls whitened, thus presenting a much improved appearance and wholesome condition.

Needed Alterations

Following the plan and constructive policy begun in 1919-20, I recommend that appropriations be made to place the Beauty Hill schoolhouse in condition to meet state requirements.

Also, as soon as economic conditions will permit, some action should be taken to install single adjustable seats at the Parade and Center.

This would go a long way in maintaining better discipline and in developing a better physique for the children, preventing round shoulders, curvature of the spine and myopic eyes.

In General

From the statistical table we note a gain of 2 1-3% was made in the average attendance over previous year, but our tardiness largely increased, the larg-

est increase being at the Center school. Parents should co-operate in correcting this evil, as punctuality is one of the essentials of a successful life.

During the year special attention has been given to writing. Houghton's system has been used and Ayer's standard test applied in all the schools. Also Ayer's tests in spelling are being used. Gradually our grades are becomming adjusted to normal conditions of the State, and several of the graduates from our eighth grade have entered and are carrying on successful work in the Pittsfield High, New Hampton and Strafford Academy.

In conclusion, I wish to express my appreciation of the unfailing support and encouragement of the school board, the co-operation of teachers, parents and citizens.

Steady progress in all phases of school development has been the result of this co-operation.

Respectfully submitted,

FREDERICK T. JOHNSON,

Superintendent of Schools.

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

[L. S.]

To the Inhabitants of the Town of Barnstead, in the County of Belknap, in said State, qualified to Vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Barnstead, on Tuesday, the thirteenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.

2. To choose one Selectman, two Trustees of the Trust fund, one Library Trustee for the ensuing three years.

3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation for the same.

4. To hear the report of auditors, agents, committees and all other officers heretofore chosen and pass any vote relative thereto.

5. To see how much money the town will vote to raise and appropriate for Memorial Day.

6. To see how much money the town will vote to raise and appropriate for Public Library.

7. To see if the town will vote to accept State aid and trunk line maintenance and to raise and appropriate money for the same.

8. To see if the town will vote to accept Federal aid construction and to raise and appropriate money for the same.

9. To see if the town will vote to raise the sum of $400.00 to maintain the unimproved trunkline road and appropriate money for the same.

10. To see how much money the town will vote to raise and appropriate for highways and bridges.

11. To see how much money the town will vote to raise and appropriate to cut bushes beside the highway.

12. To see how much money the town will vote to raise and appropriate for the Barnstead fire companies.

13. To see if the town will vote to allow 3 per cent. discount on all property taxes paid on or before the first Saturday of July.

14. To see if the town will vote to raise and appropriate the sum of $400.00 for the purpose of commencing the control of the white pine blister rust.

15. To see if the town will vote to raise and appropriate the sum of $200.00 to be laid out on the road from the White Oak Schoolhouse to the Gilmanton line. (By request.)

16. To see if the town will vote to purchase a tract of sprout land and raise and appropriate money for the same. (By request.)

17. To see how much money the town will vote to raise and appropriate for all other purposes. Given under our hands and seal this 17th day of February, in the year of our Lord nineteen hundred and twenty-three.

FRANK J. HOLMES,
OSCAR J. GARLAND,
CHESTER W. CHANDLER,
Selectmen of Barnstead.

		$ 76.45
Balance to 1923		$ 278.49

New books ordered, but delayed.

F. T. HUNT.

LIBRARY REPORT

We have kept our old patrons during the year and added new ones to the list of names who apply regularly for books.

Sixty-eight books have been ordered for the shelves, but owing to some unavoidable delay are not ready for distribution at this writing. We feel that nothing can ever repay the people who found libraries and conduct them, for the services they are rendering the public. Books are rare treasures, it being hard to estimate their value.

Children will acquire a taste for the best literature very early in life, for the child's joy of reading depends on his education, his early training and the books he is given to read when he is very young, hence the importance of providing the best. By the generosity and thoughtfulness of John Rand of Pittsfield, our library came into possession of a large collection of books from the estate of Mary Kelsey.

These books are more varied in character than it is customary to buy, consisting of history, poetry and other choice reading.

The librarian and trustees unite in expressing their appreciation and gratitude to Mr. Rand for this gift.

Several other people have given one or more books, which we accept with thanks.

The library will be open Tuesday and Saturday afternoons from 2 until 5 o'clock, and Saturday evenings from 7 until 9, except holidays.

MRS. JOHN GEORGE, Librarian.
F. T. HUNT,
ABBIE D. DANIELS,
ABBIE HILL,
Library Trustees.

We, the undersigned, certify that we have examined the accounts of the selectmen, town clerk, treasurer, collector, road agents, trustees of the trust fund, library trustees, fire companies and fire warden, for the year ending January 31, 1923, and find them correctly cast and properly vouched.

GEORGE N. ROWE,
FRANK C. NUTTER,
Auditors.

REPORT OF THE SCHOOL BOARD OF THE DISTRICT OF BARNSTEAD, N. H.

For the Fiscal Year Ending June 30, 1922

Balance on hand July 1, 1922	$ 1,238.96

GEORGE J. WHITNEY,
District Treasurer.

This is to certify I have examined accounts and find them correct and properly vouched.

F. T. HUNT,
Auditor.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Barnstead:

I herein submit my sixth annual report as Superintendent of Schools, it being the sixth in the series of such reports.

Alterations

As insufficient appropriations were placed at the disposal of your school board, no permanent alterations have been made. Only minor repairs could be attended to.

However, I recommend that the old constructive policy begun in 1919-20 be renewed and a reasonable appropriation be placed in the hands of your school board.

In the long run, I believe this is economy and in the interests of the highest welfare of the town.

At Beauty Hill, the lighting needs attention, new curtains, the ceiling whitened and walls painted or papered and new toilets installed.

At Center, new curtains and seats are needed, ceiling and walls should be painted.

At Parade, new adjustable seats should be installed and ceiling and walls painted.

At White Oaks, the ceiling should be painted, the walls plastered and toilets installed.

Some definite action should be taken by the District at its annual meeting, either to so locate a schoolhouse that would consolidate Locke's Corner, Pitman and Shackford's Corner schools, or convey the pupils to the Center and make the Center build-

ing into a two-room schoolhouse with two teachers.

In General

From the statistical table, we note a loss of 1 2-9 per cent in the average attendance, but the number of tardinesses were decreased by seventy-eight. This latter gain is encouraging and in the right direction.

On account of sickness, bad weather and impassable roads, the attendance cannot always be controlled, but tardy marks are within the possibilities of parents and pupils to govern.

Also we note an increase of eight on the Roll of Honor.

During the year we have continued the use of Houghton's system of writing and applied the Ayer standard tests to both writing and spelling. In writing, we have aimed at neatness, legibility and a fair degree of speed.

In reading, we devote the first three years to the mechanics of reading; i. e., giving the child the tools by which he may decipher the written word. More emphasis has been placed on the sounding the words and the drilling of phonics.

After the third grade attention has been turned more particularly to three points, viz, (1) The getting the thought from the written page; (2) Silent reading under the guidance of the teacher, i. e., the getting the thought for ourselves; (3) Oral reading, the giving of the thoughts to another, which implies clear articulation and enunciation and a proper expression of thought. In fact, teachers who have insisted on the pupil giving back the thought in his own words, even from the first grade, have developed the best readers.

In number work or arithmetic, we have begun with the concrete and then gone to the abstract. In the first and second grades considerable picture work

has been done to illustrate the principles in concrete form. We have tried to master all possible combinations of numbers up to ten and in some schools even to twenty. Also developed and given thorough drill on the multiplication tables.

After this fundamental preparation we have tried to confine our work to the practical principles that enter into the needs of the ordinary citizen, viz., drill on the four fundamental principles—addition, subtraction, multiplication and division; common and decimal fractions; percentage with its applications, i. e., profit and loss, commission, insurance and taxes; simple interest and compound, with its application to banking; measurements of the quadrilateral, triangle, circle and problems that are based upon them; wood, lumber, carpeting, papering; indeed, problems that develop the principles of length, areas and contents, also the right triangle, which implies the knowledge of square root.

In geography, history, physiology and other subjects of similar nature, teachers who have used the topical method under the guidance of the five steps in teaching given in chapter seventeen of the State Program of Studies have obtained the best results.

The following pupils passed the eighth grade examinations last June:

Parade—C. Harold Clough, Zelma Davis, Madeline Jenkins, Elsie A. Tuttle.

White Oaks—Doris Ada Bunker, Frances E. Emerson, R. W. Eastman, Gertha A. Ward.

Pitman—Mary E. Holmes, Rebecca Pitman, Laura Pitman, George Pitman.

Seven of the above graduates from our graded schools entered high schools in September and have maintained creditable rank in their respective schools. In fact, about one-seventh of the entire school enrollment of Barnstead will be found in the neighboring high schools.

Certainly this speaks well for the rural schools and the interest parents are taking in education.

In conclusion, I would express my appreciation to the teachers for their willingness to work faithfully in all matters pertaining to the welfare of the schools. This, more than anything else, has made possible our creditable standing in school achievement.

I would also extend to the school board my sincere thanks for their assistance and loyal support. These things and the congenial attitude of parents, citizens and pupils, have been important elements in the welfare of our schools.

Respectfully submitted,

FREDERICK T. JOHNSON
Superintendent of Schools.
